## CCNL/CLILondon Community Services

As we begin this new church year, we feel the excitement building as we strive to fulfill God's mission to love and care for one another.

CCNL, along with our publication, Christian Life in London (CLILondon), has been gathering information that will help demonstrate how the efforts of the Christian Community are positively impacting the issues of poverty as identified in the City of London's report called, "A Roadmap to End Poverty".

Our goal is to communicate what you, our church partners, are doing. To date, this initiative has gathered information from many churches in the City. We are truly amazed at the outreach that is already happening and are thrilled to share this information with everyone.

We have only reached a small group of the churches though. Can you help? We need your input. We have a brief questionnaire that will help us share the ways the Church community is already addressing social issues and reflect your Church's initiatives in your Community. We encourage you to follow the [link to the survey](#), complete the questionnaire online and submit it directly to CLILondon. Within a few hours, your information will be included. It's that easy. We hope you will join us as we strive to end poverty.

**Habitat for Humanity Heartland Ontario** is looking for eligible families for our home ownership program in Elgin, Middlesex, Oxford and Perth counties. In every community there is work to be done. In every nation, there are wounds to heal. In every heart there is the power to do it.
